

“It’s something that everyone at Amazon is super passionate about ... and I think it’s something people find inspiring and fun – having someone at the beginning of their career is just fresh and it allows the whole team to really help out and be involved.”

- Amazon employee

Bring fresh ideas, insights and new perspectives to your business

Inspire a young person and kickstart their career

Join us in investing in the next generation

Wanted

Employers across London, in a variety of sectors, to support and inspire young people’s careers.

City Talent is a paid work placement initiative for financially disadvantaged young people aged 16-19.

The project aims to help develop young people’s workplace skills and confidence through exposure to real work experience, as well as ongoing support from a mentor. It will support 120 young people from the boroughs of Camden, Islington and The City across three years.

Details

£6 per hour

Placement minimum 70 hours - once a week over a long period of time (approx five months) OR two weeks full time across the school holidays.

We support you throughout

We do all the background work to find you the perfect candidates, who are enthusiastic and ready for a challenge. We provide:

- Support to arrange interviews
- Employer briefings and information sessions
- Visits and ongoing contact throughout the young person’s placement

We are looking for employers across the following sectors and more:

Creative and Cultural industries, Science, technology, engineering and maths related industries including construction, Professional Services such as legal, finance, management consultancy, public and charity sectors, hospitality sector including travel, tourism and event management.
