## VIRTUAL WORK EXPERIENCE:

Our VWEX allows students to develop key employability skills for their future while preparing them for an increasingly virtual world of work.

### **Volunteering opportunities include:**

1. Taking part in a virtual **careers pathways** live event.
2. Setting a **work-based project** for students to complete.
3. Taking part in a live **progression workshop** discussing the transition from education to the workplace, what to include in a CV and how to succeed in interviews.

*We particularly welcome volunteers from Black, Asian and Minority Ethnic backgrounds, to accurately reflect the communities we work in.*

## GET READY FOR SECONDARY

Our 'Get Ready for Secondary' programme is designed to help Year 6 students build confidence before their transition to secondary school.

As part of this, pupils have taken part in a 'Myth Busters' workshop, tackling some of the rumours they might have heard about their new school. This involved a piece of creative writing which busts a secondary myth.

We are looking for volunteers to read these short stories and provide a short bit of feedback. Full guidance on how to do this will be provided by Inspire.
